Dear Mr MacLean

**Reducing the impact of caring on young carers lives**

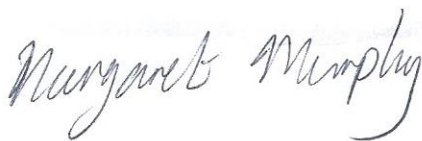

Thank you for your letter on the 3rd November and kind cheque to support for our residentials for 5-9 year old young carers at the Pilton Retreat. This is wonderful news for our very young carers.

We would be very pleased if you would like to share a link on your website. Let us know if we can be of any assistance in this regard.

Thank you again for your support. We greatly appreciate the Foundation's interest in our work and look forward to providing you with an update on the project and our other work in due course.

Kind regards

Yours sincerely

Margaret Murphy  
Chief Executive
